SERIAL BONDS AND BOND ANTICIPATION NOTES**

**RATINGS: See “RATINGS” herein**

*In the opinion of Hawkins Delafield & Wood LLP, Bond Counsel to the District, under existing statutes and court decisions and assuming continuing compliance with certain tax certifications described herein, (i) interest on the Bonds is excluded from gross income for federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the “Code”), and (ii) interest on the Bonds is not treated as a preference item in calculating the alternative minimum tax under the Code, however, interest on the Bonds is included in the “adjusted financial statement income” of certain corporations that are subject to the alternative minimum tax under Section 55 of the Code. Interest on the Notes is included in gross income for federal income tax purposes pursuant to the Code. In addition, in the opinion of Bond Counsel to the District, under existing statutes, interest on the Bonds and the Notes is exempt from personal income taxes of New York State and its political subdivisions, including The City of New York. (See “Tax Matters for the Bonds” and “Tax Matters for the Notes” herein.)*

*The District WILL NOT designate the Bonds or the Notes as “qualified tax-exempt obligations” pursuant to the provisions of Section 265(b)(3) of the Code.*

### ***Authority for and Purpose of the Series A Bonds***

The Series A Bonds are issued pursuant to the Constitution and laws of the State, and a bond resolution adopted by the Board of Education of the District on March 22, 2022 and subsequently approved as a proposition by a majority of qualified voters of the District voting thereon at the Annual District Meeting and Election held on May 17, 2022, authorizing the issuance of bonds in the principal amount of not to exceed \$24,300,000 to finance the construction of various building and site improvements and certain flood mitigation and storm hardening measures. The proceeds from the sale of the Series A Bonds will be used to redeem the District's \$17,115,000 Bond Anticipation Notes – 2026 Series A at maturity.

### ***Authority for and Purpose of the Series B Bonds***

The Series B Bonds are issued pursuant to the Constitution and laws of the State, and a bond resolution adopted by the Board of Education of the District on March 28, 2023 and subsequently approved as a proposition by a majority of qualified voters of the District voting thereon at the Annual District Meeting and Election held on May 16, 2023, authorizing the issuance of bonds in the principal amount of not to exceed \$29,000,000 to finance the construction of various buildings and site improvements and the acquisition of land. The proceeds from the sale of the Bonds, together with \$40,000 in available funds, will be used to redeem the District's \$26,066,000 Bond Anticipation Notes – 2025 Series C at maturity and provide \$1,934,000 in additional original financing to the Project.

### ***Authority for and Purpose of the Notes***

The Notes are issued pursuant to the Constitution, the laws of the State, including, among others, the Local Finance Law and the Education Law, and a bond resolution adopted by the Board of Education of the District on March 22, 2022 and subsequently approved as a proposition by a majority of qualified voters of the District voting thereon at the Annual District Meeting and Election held on May 17, 2022, authorizing the issuance of bonds in the principal amount of not to exceed \$24,300,000 to finance the construction of various building and site improvements and certain flood mitigation and storm hardening measures. The proceeds from the sale of the Notes, along with \$2,880,000 in available funds, will be used to redeem the District's \$5,225,000 Bond Anticipation Notes – 2026 Series B (Federally Taxable) at maturity.

### ***Optional Redemption***

The Bonds maturing on or before June 1, 2034 are not subject to redemption prior to their stated maturity. The Bonds maturing on or after June 1, 2035 will be subject to redemption prior to maturity, at the option of the District, on any date on or after June 1, 2034, in whole or in part, and if in part in any order of their maturity and in any

amount within a maturity (selected by lot within a maturity), at the redemption equal to the principal amount of the Bonds to be redeemed, plus accrued interest to the date of redemption.

If less than all of the Bonds of any maturity are to be redeemed, the particular bonds of such maturity to be redeemed shall be selected by lot in any customary manner of selection as determined by the District. Notice of such call for redemption shall be given by mailing such notice to the registered holder not more than sixty (60) days nor less than thirty (30) days prior to such date of redemption. Notice of redemption having been given as aforesaid, the bonds so called for redemption shall, on the date for redemption set forth in such call of redemption, become due and payable together with interest to such redemption date. Interest shall cease to be paid thereon after such redemption date (See "DESCRIPTION OF BOOK-ENTRY SYSTEM" for additional information concerning redemptions).

The Notes are not subject to optional redemption prior to maturity.

### ***Nature of the Obligation***

Each Bond and Note when duly issued and paid for will constitute a contract between the District and the holder thereof.

The Bonds are general obligations of the District and will contain a pledge of the faith and credit of the District for the payment of the principal thereof and the interest thereon. For the payment of such principal and interest the District has the power and statutory authorization to levy ad valorem taxes on all taxable real property in the District without limitation as to rate or amount.

The Notes are general obligations of the District and will contain a pledge of the faith and credit of the District for the payment of the principal thereof and the interest thereon. For the payment of such principal and interest the District has the power and statutory authorization to levy ad valorem taxes on all taxable real property in the District without limitation as to rate or amount (See "*Tax Levy Limit Law*" herein.)

Under the Constitution of the State, the District is required to pledge its faith and credit for the payment of the principal of and interest on the Bonds and Notes, and the State is specifically precluded from restricting the power of the District to levy taxes on real estate therefore. However, Chapter 97 of the New York Laws of 2011, as amended (the "Tax Levy Limit Law"), imposes a limitation on the power of local governments and school districts, including the District, to increase their annual tax levy, with the amount of such increase limited by the formulas set forth in the Tax Levy Limit Law. The Tax Levy Limit Law also provides the procedural method to overcome that limitation. In addition, the Tax Levy Limit Law expressly provides an exclusion from the annual tax levy limitation for any taxes levied to pay the local share of debt service on bonds or notes issued to finance voter approved capital expenditures, or the refinancing or refunding of such bonds or notes. As the Bonds and Notes are being issued to finance voter approved capital expenditures, the Bonds and Notes qualify for such exclusion to the annual tax levy limitation. The exclusion does NOT apply to taxes to pay debt service on tax anticipation notes, revenue anticipation notes, budget notes and deficiency notes; and any obligations issued to finance deficits and certain judgments, including tax certiorari refund payments. (See "*The Tax Levy Limit Law*" herein.)

### **REMEDIES UPON DEFAULT**

Neither the Bonds, the Notes, nor the proceedings with respect thereto, specifically provide any remedies which would be available to owners of the Bonds or the Notes should the District default in the payment of principal of or interest on the Bonds or the Notes, nor do they contain any provisions for the appointment of a trustee to enforce the interests of the owners of the Bonds or the Notes upon the occurrence of any such default. The Bonds and the Notes are general obligation contracts between the District and the owners for which the faith and credit of the District are pledged and while remedies for enforcement of payment are not expressly included in the District's contract with such owners, any permanent repeal by statute or constitutional amendment of a bondholder's and/or noteholder's remedial right to judicial enforcement of the contract should, in the opinion of Bond Counsel, be held unconstitutional.

Upon default in the payment of principal of or interest on the Bonds or the Notes at the suit of the owner, a Court has the power, in proper and appropriate proceedings, to render judgment against the District. The present statute limits interest on the amount adjudged due to contract creditors to nine per centum per annum from the date due to the date of payment. As a general rule, property and funds of a municipal corporation serving the public welfare and interest have not been judicially subjected to execution or attachment to satisfy a judgment. A Court also has the power, in proper and appropriate proceedings, to order payment of a judgment on such bonds or notes from funds lawfully available therefor or, in the absence thereof, to order the District to take all lawful action to obtain the same, including the raising of the required amount in the next annual tax levy. In exercising its discretion as to whether to issue such an order, the Court may take into account all relevant factors, including the current operating needs of the District and the availability and adequacy of other remedies. Upon any default in the payment of the principal of or interest on the Bonds or the Notes, the owners of such Bonds or the Notes could, among other remedies, seek to obtain a writ of mandamus from a Court ordering the governing body of the District to assess, levy and collect an ad valorem tax, upon all taxable property of the District subject to taxation by the District sufficient to pay the principal of and interest on the Bonds or the Notes as the same shall come due and payable (and interest from the due date to date of payment) and otherwise to observe the covenants contained in the Bonds or the Notes and the proceedings with respect thereto all of which are included in the contract with the owners of the Bonds or the Notes. The mandamus remedy, however, may be impracticable and difficult to enforce. Further, the right to enforce payment of the principal of or interest on the Bonds or the Notes may be limited by bankruptcy, insolvency, reorganization, moratorium and similar laws and equitable principles, which may limit the specific enforcement of certain remedies.

In 1976, the New York Court of Appeals, the State's highest court, held in *Flushing National Bank v. Municipal Assistance Corporation for the City of New York*, 40 N.Y.2d 731 (1976), that the New York State legislation purporting to postpone the payment of debt service on New York City obligations was an unconstitutional moratorium in violation of the New York State constitutional faith and credit mandate included in all municipal debt obligations. While that case can be viewed as a precedent for protecting the remedies of holders of obligations, there can be no assurance as to what a Court may determine with respect to future events, including financial crises as they may occur in the State and in municipalities of the State, that require the exercise by the State of its emergency and police powers to assure the continuation of essential public services. (See also, *Flushing National Bank v. Municipal Assistance Corporation for the City of New York*, 40 N.Y.2d 1088 (1977), where the Court of Appeals described the pledge as a direct Constitutional mandate.)

As a result of the Court of Appeals decision, the constitutionality of that portion of Title 6-A of Article 2 of the Local Finance Law enacted at the 1975 Extraordinary Session of the State legislature authorizing any county, city, town or village with respect to which the State has declared a financial emergency to petition the State Supreme Court to stay the enforcement against such municipality of any claim for payment relating to any contract, debt or obligation of the municipality during the emergency period, is subject to doubt. In any event, no such emergency has been declared with respect to the District.

Pursuant to Article VIII, Section 2 of the State Constitution, the District is required to provide an annual appropriation of monies for the payment of due and payable principal of and interest on indebtedness. Specifically this constitutional provision states: "If at any time the respective appropriating authorities shall fail to make such appropriations, a sufficient sum shall be set apart from the first revenues thereafter received and shall be applied to such purposes. The fiscal officer of any county, city, town, village or school district may be required to set aside and apply such revenues as aforesaid at the suit of any holder of obligations issued for any such indebtedness." This constitutes a specific non-exclusive constitutional remedy against a defaulting municipality or school district; however, it does not apply in a context in which monies have been appropriated for debt service but the appropriating authorities decline to use such monies to pay debt service. However, Article VIII, Section 2 of the Constitution of the State also provides that the fiscal officer of any county, city, town, village or school district may be required to set apart and apply such revenues at the suit of any holder of any obligations of indebtedness issued with the pledge of the faith of the credit of such political subdivision. In *Quirk v. Municipal Assistance Corp.*, 41 N.Y.2d 644 (1977), the Court of Appeals described this as a "first lien" on revenues, but one that does not give holders a right to any particular revenues. It should thus be noted that the pledge of the faith and credit of a political subdivision in the State is a pledge of an issuer of a general obligation bond or note to use its general revenue powers, including, but not limited to, its property tax levy, to pay debt service on such obligations, but that such pledge may or may not be interpreted by a court of competent jurisdiction to include a constitutional or statutory lien

upon any particular revenues. The Constitutional provision providing for first revenue set asides does not apply to tax anticipation notes, revenue anticipation notes or bond anticipation notes.

While the courts in the State have historically been protective of the rights of holders of general obligation debt of political subdivisions, it is not possible to predict what a future court might hold.

In prior years, certain events and legislation affecting a holder's remedies upon default have resulted in litigation. While courts of final jurisdiction have generally upheld and sustained the rights of bondholders and/or noteholders, such courts might hold that future events, including a financial crisis as such may occur in the State or in political subdivisions of the State, may require the exercise by the State or its political subdivisions of emergency and police powers to assure the continuation of essential public services prior to the payment of debt service.

### ***No Past Due Debt***

No principal or interest payment on District indebtedness is past due. The District has never defaulted in the payment of the principal of and/or interest on any indebtedness.

### ***Bankruptcy***

The Federal Bankruptcy Code (Chapter IX) allows public bodies, such as municipalities, recourse to the protection of a Federal Court for the purpose of adjusting outstanding indebtedness. Title 6-A of the Local Finance Law specifically authorizes any municipality in the State or its emergency control board to file a petition under any provision of Federal bankruptcy law for the composition or adjustment of municipal indebtedness. While this Local Finance Law provision does not apply to school districts, there can be no assurance that it will not become applicable in the future. As such, the undertakings of the District should be considered with reference, specifically, to Chapter IX, and, in general, to other bankruptcy laws affecting creditors' rights and municipalities. Bankruptcy proceedings by the District if authorized by the State in the future, could have adverse effects on bondholders and/or noteholders including (a) delay in the enforcement of their remedies, (b) subordination of their claims to those supplying goods and services to the District after the initiation of bankruptcy proceedings and to the administrative expenses of bankruptcy proceedings and (c) imposition without their consent of a reorganization plan reducing or delaying payment of the Bonds or the Notes.

The above references to said Chapter IX are not to be construed as an indication that the State will consent in the future to the right of the District to file a petition with any United States district court or court of bankruptcy under any provision of the laws of the United States, now or hereafter in effect for the composition or adjustment of municipal indebtedness or that the District is currently considering or expects to resort to the provisions of Chapter IX if authorized to do so in the future.

## **SECTION 99-B OF THE STATE FINANCE LAW**

Section 99-b of the State Finance Law (the "SFL") provides for a covenant between the State and the purchasers and the holders and owners from time to time of the bonds and notes issued by school districts in the State for school purposes that it will not repeal, revoke or rescind the provisions of Section 99-b of the SFL, or amend or modify the same so as to limit, impair or impede the rights and remedies granted thereby.

Said section provides that in the event a holder or owner of any bond or note issued by a school district for school purposes shall file with the State Comptroller, a verified statement describing such bond or note and alleging default in the payment thereof or the interest thereon or both, it shall be the duty of the State Comptroller to immediately investigate the circumstances of the alleged default and prepare and file in his office a certificate setting forth his determinations with respect thereto and to serve a copy thereof by registered mail upon the chief fiscal officer of the school district which issued the bond or note. Such investigation by the State Comptroller shall set forth a description of all such bonds and notes of the school district found to be in default and the amount of principal and interest thereon past due.

Upon the filing of such a certificate in the office of the State Comptroller, he shall thereafter deduct and withhold from the next succeeding allotment, apportionment or payment of such State aid or assistance due to such school district such amount thereof as may be required to pay (a) the school district's contribution to the State Teachers' Retirement System, and (b) the principal of and interest on such bonds and notes of such school district then in default. In the event such State aid or assistance initially so withheld shall be insufficient to pay said amounts in full, the State Comptroller shall similarly deduct and withhold from each succeeding allotment, apportionment or payment of such State aid or assistance due such school district such amount or amounts thereof as may be required to cure such default. Allotments, apportionments and payments of such State aid so deducted or withheld by the State Comptroller for the payment of principal and interest on the bonds and notes shall be forwarded promptly to the paying agent or agents for the bonds and notes in default of such school district for the sole purpose of the payment of defaulted principal of and interest on such bonds or notes. If any such successive allotments, apportionments or payment of such State aid so deducted or withheld shall be less than the amount of all principal and interest on the bonds and notes in default with respect to which the same was so deducted or withheld, then the State Comptroller shall promptly forward to each paying agent an amount in the proportion that the amount of such bonds and notes in default payable to such paying agent bears to the total amount of the principal and interest then in default on such bonds and notes of such school district. The State Comptroller shall promptly notify the chief fiscal officer of such school district of any payment or payments made to any paying agent or agents of defaulted bonds or notes pursuant to said section of the SFL.

### **DESCRIPTION OF BOOK-ENTRY SYSTEM**

The Depository Trust Company ("DTC") will act as securities depository for the Bonds and for those Notes issued in book-entry form. The Bonds and those Notes issued in book-entry form will be issued as fully-registered bonds and notes registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered bond certificate will be issued for each maturity of the Bonds of an issue and will be deposited with DTC. One fully-registered note certificate will be issued for each Note issued in book-entry form bearing the same rate of interest and CUSIP number, and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at [www.dtcc.com](http://www.dtcc.com) and [www.dtc.org](http://www.dtc.org).

Purchases of the Bonds and the Notes under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds and the Notes on DTC's records. The ownership interest of each actual purchaser of each bond or note ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds and the Notes are to be accomplished by entries made

on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Bonds and the Notes, except in the event that use of the book-entry system for the Bonds and the Notes is discontinued.

To facilitate subsequent transfers, all Bonds and Notes deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of the Bonds and the Notes with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds and the Notes; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds and Notes are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to DTC. If less than all of the securities within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Bonds and the Notes unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the District as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Bonds and the Notes are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the Bonds and the Notes will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the District, on payable date in accordance with their respective holdings shown on DTC's records. Payments by the District to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC or the District, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the District, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Bonds and the Notes at any time by giving reasonable notice to the District. Under such circumstances, in the event that a successor depository is not obtained, bond certificates are required to be printed and delivered.

The District may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, bond and note certificates will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the District believes to be reliable, but the District takes no responsibility for the accuracy thereof.

THE INFORMATION CONTAINED IN THE ABOVE SECTION CONCERNING DTC AND DTC'S BOOK-ENTRY SYSTEM HAS BEEN OBTAINED FROM SAMPLE OFFERING DOCUMENT LANGUAGE SUPPLIED BY DTC, BUT THE DISTRICT TAKES NO RESPONSIBILITY FOR THE ACCURACY THEREOF. IN ADDITION, THE DISTRICT WILL NOT HAVE ANY RESPONSIBILITY OR OBLIGATION TO PARTICIPANTS, TO INDIRECT PARTICIPANTS OR TO ANY BENEFICIAL OWNER WITH RESPECT TO:

(I) THE ACCURACY OF ANY RECORDS MAINTAINED BY DTC, ANY PARTICIPANT OR ANY INDIRECT PARTICIPANT; (II) THE PAYMENTS BY DTC OR ANY PARTICIPANT OR ANY INDIRECT PARTICIPANT OF ANY AMOUNT WITH RESPECT TO THE PRINCIPAL OF, OR PREMIUM, IF ANY, OR INTEREST ON THE BONDS OR THE NOTES OR (III) ANY NOTICE WHICH IS PERMITTED OR REQUIRED TO BE GIVEN TO BOND OR NOTE OWNERS.

THE DISTRICT CANNOT AND DOES NOT GIVE ANY ASSURANCES THAT DTC, DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS OF DTC WILL DISTRIBUTE TO THE BENEFICIAL OWNERS OF THE BONDS OR THE NOTES (1) PAYMENTS OF PRINCIPAL OF OR INTEREST OR REDEMPTION PREMIUM ON THE BONDS OR THE NOTES (2) CONFIRMATIONS OF THEIR OWNERSHIP INTERESTS IN THE BONDS OR THE NOTES OR (3) OTHER NOTICES SENT TO DTC OR CEDE & CO., ITS PARTNERSHIP NOMINEE, AS THE REGISTERED OWNER OF THE BONDS OR THE NOTES, OR THAT THEY WILL DO SO ON A TIMELY BASIS, OR THAT DTC, DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS WILL SERVE AND ACT IN THE MANNER DESCRIBED IN THIS OFFICIAL STATEMENT.

THE DISTRICT WILL NOT HAVE ANY RESPONSIBILITY OR OBLIGATIONS TO DTC, THE DIRECT PARTICIPANTS, THE INDIRECT PARTICIPANTS OF DTC OR THE BENEFICIAL OWNERS WITH RESPECT TO (1) THE ACCURACY OF ANY RECORDS MAINTAINED BY DTC OR ANY DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS OF DTC; (2) THE PAYMENT BY DTC OR ANY DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS OF DTC OF ANY AMOUNT DUE TO ANY BENEFICIAL OWNER IN RESPECT OF THE PRINCIPAL AMOUNT OF OR INTEREST OR REDEMPTION PREMIUM ON THE BONDS OR THE NOTES; (3) THE DELIVERY BY DTC OR ANY DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS OF DTC OF ANY NOTICE TO ANY BENEFICIAL OWNER THAT IS REQUIRED OR PERMITTED TO BE GIVEN TO OWNERS; OR (4) ANY CONSENT GIVEN OR OTHER ACTION TAKEN BY DTC AS THE REGISTERED HOLDER OF THE BONDS OR THE NOTES.

## **RISK FACTORS**

There are certain potential risks associated with an investment in the Bonds or the Notes, and investors should be thoroughly familiar with this Official Statement, including its appendices, in order to make an informed investment decision. Investors should consider, in particular, the following factors:

The District's credit rating could be affected by circumstances beyond the District's control. Economic conditions such as the rate of unemployment and inflation, termination of commercial operations by corporate taxpayers and employers, as well as natural catastrophes, could adversely affect the assessed valuation of District property and its ability to maintain fund balances and other statistical indices commensurate with its current credit rating. Accordingly, a decline in the District's credit rating could adversely affect the market value of the Bonds and the Notes.

In addition, if and when a holder of any of the Bonds or the Notes should elect to sell a Bond or a Note prior to its maturity, there can be no assurance that a market shall have been established, maintained and be in existence for the purchase and sale of any Bonds or Notes. The price or principal value of the Bonds and the Notes is dependent on the prevailing level of interest rates. If interest rates should increase, the price of a bond or a note may decline causing the bondholder or noteholder to potentially incur a capital loss if such note is sold prior to its maturity.

The financial condition of the District as well as the market for the Bonds and the Notes could be affected by a variety of factors, some of which are beyond the District's control. There can be no assurance that adverse events in the State, including, for example, the seeking by a municipality of remedies pursuant to the Federal Bankruptcy Act or otherwise, will not occur which might affect the market price of and the market for the Bonds and the Notes. If a significant default or other financial crisis should occur in the affairs of the State or at any of its agencies or political subdivisions thereby further impairing the acceptability of obligations issued by borrowers within the State, both the ability of the District to arrange for additional borrowings and the market for and market value of outstanding debt obligations, including the Bonds and the Notes, could be adversely affected.

Future amendments to applicable statutes whether enacted by the State or the United States of America affecting the treatment of interest paid on municipal obligations, including the Bonds and Notes, for income taxation purposes could have an adverse effect on the market value of the Bonds and the Notes (see “*Tax Matters*” herein.).

The enactment of the Tax Levy Limit Law, which imposes a tax levy limitation upon municipalities, school districts and fire districts in the State, including the District, without providing exclusion for debt service on obligations issued by municipalities and fire districts, including the District, may affect the market price and/or marketability for the Bonds and the Notes. (See “*The Tax Levy Limit Law*” herein.)

Federal or State legislation imposing new or increased mandatory expenditures by municipalities, school districts and fire districts in the State, including the District could impair the financial condition of such entities, including the District and the ability of such entities, including the District, to pay debt service on their respective obligations.

The District relies in part on State aid to fund its operations. There can be no assurance that the State appropriation for State aid to school districts will be continued in future years, either pursuant to existing formulas or in any form whatsoever. State aid appropriated and apportioned to the District can be paid only if the State has such monies available therefore. The availability of such monies and the timeliness of such payment may also be affected by a delay in the adoption of the State budget, the State’s economy and financial condition and other circumstances. In any event, State aid appropriated and apportioned to the District can be paid only if the State has such monies available therefore. (See “*State Aid*” and “*Events Affecting New York School Districts*” herein).

Should the District fail to receive State aid expected from the State in the amounts or at the times expected, occasioned by a delay in the payment of such monies or by a reduction in State aid, the District is authorized by the Local Finance Law to provide operating funds by borrowing on account of the uncollected State aid.

An outbreak of disease or similar public health threat, such as the COVID-19 outbreak, or fear of such an event, could have an adverse impact on the District’s financial condition and operating results by potentially delaying the receipt of real property taxes or resulting in a delay or reduction by the State in the payment of State aid.

## **CYBERSECURITY**

The District, like many other public and private entities, relies on technology to conduct its operations. As a recipient and provider of personal, private, or sensitive information, the District faces multiple cyber threats including, but not limited to, hacking, viruses, malware and other attacks on computer and other sensitive digital networks and systems. To mitigate the risk of business operations impact and/or damage from cyber incidents or cyber-attacks, the District invests in various forms of cybersecurity and operational controls; however, no assurances can be given that such security and operational control measures will be completely successful to guard against cyber threats and attacks. The results of any such attack could impact business operations and/or damage District digital networks and systems and the costs of remedying any such damage could be substantial. The District invests in two cyber insurance policies to help with business interruption and credit monitoring if compromised. Additionally, the District has also operationalized two firewalls for additional protection as a mitigation strategy.

## **LITIGATION**

In common with other school districts, the CSDNR from time to time receives notices of claim and is a party to litigation. In our opinion as counsel for the District, unless otherwise set forth herein and apart from matters provided for by applicable insurance coverage, there are no significant claims or actions pending in which the District has not asserted a substantial and adequate defense, nor which, if determined against the District, would have an adverse material effect on the financial condition of the District, in view of the District’s ability to fund the same through use of appropriate funding mechanisms provided by the Local Finance Law.

**Due Process Complaints** – The District is in the process of defending 14 impartial hearing matters involving claims that the special education placement provided by the District was inappropriate. These claims vary in value from

\$50,000 to \$200,000 in tuition payments, together with attorneys' fees. The District anticipates several of the cases settling at relatively low amounts (under \$50,000) with others settling in the \$100,000 range or proceeding to an impartial hearing.

**Tax Certiorari Claims Pending** – There are numerous pending tax certiorari claims filed for the current year and prior years that could reduce the District's tax base and require tax refunds. The District decides to litigate or settle each case on an individual basis. Absent extensive discovery and analysis, it is not possible to provide a firm estimate of the District's realistic potential exposure with respect to pending tax certiorari claims. The District has a tax certiorari reserve fund to pay refunds on these claims.

## **TAX MATTERS FOR THE BONDS**

### ***Opinion of Bond Counsel***

In the opinion of Hawkins Delafield & Wood LLP, Bond Counsel to the District, under existing statutes and court decisions and assuming continuing compliance with certain tax certifications described herein, (i) interest on the Bonds is excluded from gross income for federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the "Code") and (ii) interest on the Bonds is not treated as a preference item in calculating the alternative minimum tax under the Code, however, interest on the Bonds is included in the "adjusted financial statement income" of certain corporations that are subject to the alternative minimum tax under Section 55 of the Code. The Tax Certificates of the District (the "Tax Certificate"), which will be delivered concurrently with the delivery of the Bonds will contain provisions and procedures relating to compliance with applicable requirements of the Code. In rendering its opinion, Bond Counsel has relied on certain representations, certifications of fact, and statements of reasonable expectations made by the District in connection with the Bonds, and Bond Counsel has assumed compliance by the District with certain ongoing provisions and procedures set forth in the Tax Certificate relating to compliance with applicable requirements of the Code to assure the exclusion of interest on the Bonds from gross income under Section 103 of the Code.

In addition, in the opinion of Bond Counsel to the District, under existing statutes, interest on the Bonds is exempt from personal income taxes of New York State and its political subdivisions, including The City of New York.

Bond Counsel expresses no opinion as to any other federal, state or local tax consequences arising with respect to the Bonds, or the ownership or disposition thereof, except as stated above. Bond Counsel renders its opinion under existing statutes and court decisions as of the issue date, and assumes no obligation to update, revise or supplement its opinion to reflect any action thereafter taken or not taken, any fact or circumstance that may thereafter come to its attention, any change in law or interpretation thereof that may thereafter occur, or for any other reason. Bond Counsel expresses no opinion as to the consequence of any of the events described in the preceding sentence or the likelihood of their occurrence. In addition, Bond Counsel expresses no opinion on the effect of any action taken or not taken in reliance upon an opinion of other counsel regarding federal, state or local tax matters, including, without limitation, exclusion from gross income for federal income tax purposes of interest on the Bonds.

### ***Certain Ongoing Federal Tax Requirements and Certifications***

The Code establishes certain ongoing requirements that must be met subsequent to the issuance and delivery of the Bonds in order that interest on the Bonds and remain excluded from gross income under Section 103 of the Code. These requirements include, but are not limited to, requirements relating to use and expenditure of gross proceeds of the Bonds, yield and other restrictions on investments of gross proceeds, and the arbitrage rebate requirement that certain excess earnings on gross proceeds be rebated to the federal government. Noncompliance with such requirements may cause interest on the Bonds to become included in gross income for federal income tax purposes retroactive to their issue date, irrespective of the date on which such noncompliance occurs or is discovered. The District, in executing the Tax Certificate, will certify to the effect that the District will do and perform all acts and things necessary or desirable to assure the exclusion of interest on the Bonds from gross income under Section 103 of the Code.

## ***Certain Collateral Federal Tax Consequences***

The following is a brief discussion of certain collateral federal income tax matters with respect to the Bonds. It does not purport to address all aspects of federal taxation that may be relevant to a particular owner of a Bond or a Note. Prospective investors, particularly those who may be subject to special rules, are advised to consult their own tax advisors regarding the federal tax consequences of owning and disposing of the Bonds.

Prospective owners of the Bonds should be aware that the ownership of such obligations may result in collateral federal income tax consequences to various categories of persons, such as corporations (including S corporations and foreign corporations), financial institutions, property and casualty and life insurance companies, individual recipients of Social Security and railroad retirement benefits, individuals otherwise eligible for the earned income tax credit, and taxpayers deemed to have incurred or continued indebtedness to purchase or carry obligations the interest on which is excluded from gross income for federal income tax purposes. Interest on the Bonds may be taken into account in determining the tax liability of foreign corporations subject to the branch profits tax imposed by Section 884 of the Code.

### ***Original Issue Discount***

“Original issue discount” (“OID”) is the excess of the sum of all amounts payable at the stated maturity of a Bond (excluding certain “qualified stated interest” that is unconditionally payable at least annually at prescribed rates) over the issue price of that maturity. In general, the “issue price” of a maturity (a bond with the same maturity date, interest rate, and credit terms) means the first price at which at least 10 percent of such maturity was sold to the public, i.e., a purchaser who is not, directly or indirectly, a signatory to a written contract to participate in the initial sale of the Bonds. In general, the issue price for each maturity of Bonds is expected to be the initial public offering price set forth on the cover page of the Official Statement. Bond Counsel further is of the opinion that, for any Bond having OID (a “Discount Obligation”), OID that has accrued and is properly allocable to the owners of the Discount Obligation under Section 1288 of the Code is excludable from gross income for federal income tax purposes to the same extent as other interest on the Bond.

In general, under Section 1288 of the Code, OID on a Discount Obligation accrues under a constant yield method, based on periodic compounding of interest over prescribed accrual periods using a compounding rate determined by reference to the yield on that Discount Obligation. An owner’s adjusted basis in a Discount Obligation is increased by accrued OID for purposes of determining gain or loss on sale, exchange, or other disposition of such Bond. Accrued OID may be taken into account as an increase in the amount of tax-exempt income received or deemed to have been received for purposes of determining various other tax consequences of owning a Discount Obligation even though there will not be a corresponding cash payment.

Owners of Discount Obligations should consult their own tax advisors with respect to the treatment of original issue discount for federal income tax purposes, including various special rules relating thereto, and the state and local tax consequences of acquiring, holding, and disposing of Discount Obligations.

### ***Bond Premium***

In general, if an owner acquires a Bond for a purchase price (excluding accrued interest) or otherwise at a tax basis that reflects a premium over the sum of all amounts payable on the Bond after the acquisition date (excluding certain “qualified stated interest” that is unconditionally payable at least annually at prescribed rates), that premium constitutes “bond premium” on that Bond (a “Premium Obligation”). In general, under Section 171 of the Code, an owner of a Premium Obligation must amortize the bond premium over the remaining term of the Premium Obligation, based on the owner’s yield over the remaining term of the Premium Obligation determined based on constant yield principles (in certain cases involving a Premium Obligation callable prior to its stated maturity date, the amortization period and yield may be required to be determined on the basis of an earlier call date that results in the lowest yield on such Bond). An owner of a Premium Obligation must amortize the bond premium by offsetting the qualified stated interest allocable to each interest accrual period under the owner’s regular method of accounting against the bond premium allocable to that period. In the case of a tax-exempt Premium Obligation, if the bond premium allocable to an accrual period exceeds the qualified stated interest allocable to that accrual period, the

excess is a nondeductible loss. Under certain circumstances, the owner of a Premium Obligation may realize a taxable gain upon disposition of the Premium Obligation even though it is sold or redeemed for an amount less than or equal to the owner's original acquisition cost. Owners of any Premium Obligation should consult their own tax advisors regarding the treatment of bond premium for federal income tax purposes, including various special rules relating thereto, and state and local tax consequences, in connection with the acquisition, ownership, amortization of bond premium on, sale, exchange, or other disposition of Premium Obligations.

### ***Information Reporting and Backup Withholding***

Information reporting requirements apply to interest paid on tax-exempt obligations, including the Bonds. In general, such requirements are satisfied if the interest recipient completes, and provides the payor with, a Form W-9, "Request for Taxpayer Identification Number and Certification," or if the recipient is one of a limited class of exempt recipients. A recipient not otherwise exempt from information reporting who fails to satisfy the information reporting requirements will be subject to "backup withholding," which means that the payor is required to deduct and withhold a tax from the interest payment, calculated in the manner set forth in the Code. For the foregoing purpose, a "payor" generally refers to the person or entity from whom a recipient receives its payments of interest or who collects such payments on behalf of the recipient.

If an owner purchasing a Bond through a brokerage account has executed a Form W-9 in connection with the establishment of such account, as generally can be expected, no backup withholding should occur. In any event, backup withholding does not affect the excludability of the interest on the Bonds and the Notes from gross income for federal income tax purposes. Any amounts withheld pursuant to backup withholding would be allowed as a refund or a credit against the owner's federal income tax once the required information is furnished to the Internal Revenue Service.

### ***Miscellaneous***

Tax legislation, administrative actions taken by tax authorities, or court decisions, whether at the federal or state level, may adversely affect the tax-exempt status of interest on the Bonds and the Notes under federal or state law or otherwise prevent beneficial owners of the Bonds and the Notes from realizing the full current benefit of the tax status of such interest. In addition, such legislation or actions (whether currently proposed, proposed in the future, or enacted) and such decisions could affect the market price or marketability of the Bonds and the Notes.

Prospective purchasers of the Bonds and the Notes should consult their own tax advisors regarding the foregoing matters.

## **TAX MATTERS FOR THE NOTES**

### ***Opinion of Bond Counsel***

In the opinion of Bond Counsel to the District, interest on the Notes (the "Taxable Notes") (i) is included in gross income for federal income tax purposes pursuant to the Code and (ii) is exempt, under existing statutes, from personal income taxes of New York State and its political subdivisions, including The City of New York.

The following discussion is a brief summary of the principal United States federal income tax consequences of the acquisition, ownership and disposition of Taxable Notes by original purchasers of the Taxable Notes who are "U.S. Holders," as defined herein. This summary (i) is based on the Code, Treasury Regulations, revenue rulings and court decisions, all as currently in effect and all subject to change at any time, possibly with retroactive effect; (ii) assumes that the Taxable Notes will be held as "capital assets"; and (iii) does not discuss all of the United States federal income tax consequences that may be relevant to a U.S. Holder in light of its particular circumstances or to U.S. Holders subject to special rules, such as insurance companies, financial institutions, tax-exempt organizations, dealers in securities or foreign currencies, persons holding the Notes as a position in a "hedge" or "straddle," U.S. Holders whose functional currency (as defined in Section 985 of the Code) is not the United States dollar, U.S. Holders who acquire Taxable Notes in the secondary market, or individuals, estates and trusts subject to the tax on unearned income imposed by Section 1411 of the Code.

Certain taxpayers that are required to prepare certified financial statements and file financial statements with certain regulatory or governmental agencies may be required to recognize income, gain and loss with respect to the Taxable Notes at the time that such income, gain or loss is taken into account on such financial statements instead of under the rules described below. In addition, interest on the Taxable Notes is included in the “adjusted financial statement income” of certain corporations that are subject to the alternative minimum tax under Section 55 of the Code.

U.S. Holders of Taxable Notes should consult with their own tax advisors concerning the United States federal income tax and other consequences with respect to the acquisition, ownership and disposition of the Taxable Notes as well as any tax consequences that may arise under the laws of any state, local or foreign tax jurisdiction.

### ***Original Issue Discount***

In general, if Original Issue Discount (“OID”) is greater than a statutorily defined de minimis amount, a U.S. Holder of a Taxable Note having a maturity of more than one year from its date of issue must include in federal gross income (for each day of the taxable year, or portion of the taxable year, in which such U.S. Holder holds such Taxable Note) the daily portion of OID, as it accrues (generally on a constant-yield method) and regardless of the U.S. Holder’s method of accounting. “OID” is the excess of (i) the “stated redemption price at maturity” over (ii) the “issue price.” For purposes of the foregoing: “issue price” means the first price at which a substantial amount of the Taxable Note is sold to the public (excluding bond houses, brokers, or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers); “stated redemption price at maturity” means the sum of all payments, other than “qualified stated interest,” provided by such Taxable Note; “qualified stated interest” is stated interest that is unconditionally payable in cash or property (other than debt instruments of the issuer) at least annually at a single fixed rate; and “de minimis amount” is an amount equal to 0.25 percent of the Taxable Note’s stated redemption price at maturity multiplied by the number of complete years to its maturity. A U.S. Holder may irrevocably elect to include in gross income all interest that accrues on a Taxable Note using the constant-yield method, subject to certain modifications.

### ***Acquisition Discount on Short-Term Notes***

Each U.S. Holder of a Taxable Note with a maturity not longer than one year (a “Short-Term Taxable Note”) is subject to rules of Sections 1281 through 1283 of the Code, if such U.S. Holder is an accrual method taxpayer, bank, regulated investment company, common trust fund or among certain types of pass-through entities, or if the Short-Term Taxable Note is held primarily for sale to customers, is identified under Section 1256(e)(2) of the Code as part of a hedging transaction, or is a stripped bond or coupon held by the person responsible for the underlying stripping transaction. In any such instance, interest on, and “acquisition discount” with respect to, the Short-Term Taxable Note accrue on a ratable (straight-line) basis, subject to an election to accrue such interest and acquisition discount on a constant-interest-rate basis using daily compounding. “Acquisition discount” means the excess of the stated redemption price of a Short-Term Taxable Note at maturity over the U.S. Holder’s tax basis therefor.

A U.S. Holder of a Short-Term Taxable Note not described in the preceding paragraph, including a cash-method taxpayer, must report interest income in accordance with the U.S. Holder’s regular method of tax accounting, unless such U.S. Holder irrevocably elects to accrue acquisition discount currently.

### ***Note Premium***

In general, if a Taxable Note is originally issued for an issue price (excluding accrued interest) that reflects a premium over the sum of all amounts payable on the Taxable Note other than “qualified stated interest” (a “Premium Taxable Note”), that Premium Taxable Note will be subject to Section 171 of the Code, relating to bond premium. In general, if the U.S. Holder of a Premium Taxable Note elects to amortize the premium as “amortizable bond premium” over the remaining term of the Premium Taxable Note, determined based on constant-yield principles (in certain cases involving a Premium Taxable Note callable prior to its stated maturity date, the amortization period and yield may be required to be determined on the basis of an earlier call date that results in the highest yield on such bond), the amortizable premium is treated as an offset to interest income; the U.S. Holder will make a corresponding adjustment to the U.S. Holder’s basis in the Premium Taxable Note. Any such election is

generally irrevocable and applies to all debt instruments of the U.S. Holder (other than tax-exempt bonds) held at the beginning of the first taxable year to which the election applies and to all such debt instruments thereafter acquired. Under certain circumstances, the U.S. Holder of a Premium Taxable Note may realize a taxable gain upon disposition of the Premium Taxable Note even though it is sold or redeemed for an amount less than or equal to the U.S. Holder's original acquisition cost.

### ***Disposition and Defeasance***

Generally, upon the sale, exchange, redemption, or other disposition (which would include a legal defeasance) of a Taxable Note, a U.S. Holder generally will recognize taxable gain or loss in an amount equal to the difference between the amount realized (other than amounts attributable to accrued interest not previously includable in income) and such U.S. Holder's adjusted tax basis in the Taxable Note.

### ***Information Reporting and Backup Withholding***

In general, information reporting requirements will apply to non-corporate U.S. Holders of the Taxable Notes with respect to payments of principal, payments of interest, and the accrual of OID on a Note and the proceeds of the sale of a Taxable Note before maturity within the United States. Backup withholding may apply to U.S. Holders of Taxable Notes under Section 3406 of the Code. Any amounts withheld under the backup withholding rules from a payment to a beneficial owner, and which constitutes over-withholding, would be allowed as a refund or a credit against such beneficial owner's United States federal income tax provided the required information is furnished to the Internal Revenue Service.

### ***U.S. Holders***

The term "U.S. Holder" means a beneficial owner of a Taxable Note that is: (i) a citizen or resident of the United States, (ii) a corporation, partnership or other entity created or organized in or under the laws of the United States or of any political subdivision thereof, (iii) an estate the income of which is subject to United States federal income taxation regardless of its source or (iv) a trust whose administration is subject to the primary jurisdiction of a United States court and which has one or more United States fiduciaries who have the authority to control all substantial decisions of the trust.

### ***Miscellaneous***

Tax legislation, administrative actions taken by tax authorities, or court decisions, whether at the federal or state level, may adversely affect the tax-exempt status of interest on the Taxable Notes under state law and could affect the market price or marketability of the Taxable Notes.

Prospective purchasers of the Taxable Notes should consult their own tax advisors regarding the foregoing matters.

## **LEGAL MATTERS**

Legal matters incident to the authorization, issuance and sale of each of the Bonds and the Notes are subject to the respective approving legal opinions of Hawkins Delafield & Wood LLP, New York, New York, Bond Counsel. Bond Counsel's opinions will be in substantially the forms attached hereto in Appendices D and E, respectively.

## **DISCLOSURE UNDERTAKINGS**

In order to assist the purchaser(s) in complying with Rule 15c2-12 promulgated by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended (“Rule 15c2-12”) with respect to the Bonds and the Notes, the District will execute an Undertaking to Provide Continuing Disclosure for the Bonds, the form of which is attached hereto as Appendix F and an Undertaking to Provide Notices of Events for the Notes, the form of which is attached hereto as Appendix G.

## **RATINGS**

The District has applied to Moody's Investors Service (“Moody’s”) for ratings on the Bonds. Such applications are pending at this time.

The District’s outstanding uninsured long-term indebtedness currently maintains a rating of “AA-” by S&P.

There can be no assurance that such rating will continue for any specified period of time or that such rating will not be revised or withdrawn, if in the judgment of S&P circumstances so warrant. Any such change or withdrawal of such rating may have an adverse effect on the market price of such bonds and notes or the availability of a secondary market for those bonds and notes.

**THE DISTRICT**

## THE DISTRICT

### ***General Information***

The District is located in the southeastern portion of the County on Long Island Sound, approximately fifteen miles from midtown Manhattan, and is coterminous with the City, which was settled in 1688 and was incorporated as a city in 1899.

The character of the District is both urban and suburban residential. Residential housing is comprised of single-family as well as multi-family units. Commercial and industrial activity is principally located in those areas of the City close to Interstate 95 and U.S. Route 1.

The City provides general governmental services including, but not limited to, police and fire protection, garbage collection, street maintenance, sewage collection and library and recreational programs. The County is responsible for social and health programs and maintains a corrections system. Sewage treatment is provided through various County sewer districts.

Higher education is offered by Iona University and Monroe University, which are situated in the District, as well as various colleges and universities in the County, including Westchester Community College, sponsored by the County.

The City is served by three major highways; the New England Thruway (Interstate 95), the Boston Post Road (U.S. Route 1) and the Hutchinson River Parkway. CSX provides railroad freight service. The Metro-North Commuter Railroad provides passenger service to and from New York City and Connecticut, while Amtrak provides service nationwide. The County Airport provides scheduled airline service to many major metropolitan airports. LaGuardia, John F. Kennedy, and Newark airports are all less than one hour from the City and residents may utilize various airport limousine services to reach these airports.

City residents and businesses receive electric and natural gas service from the Consolidated Edison Company. The water supply and distribution system for the City is maintained by United Water Company of New Rochelle, a private utility. Local and some long distance telephone services are generally provided by Verizon.

### ***District Organization***

Subject to the provisions of the State Constitution, the District operates pursuant to the Education Law, the Local Finance Law, other laws applicable to school districts generally, and any special laws applicable to the District. Under such laws, there is no authority for the District to have a charter or adopt local laws.

**Board of Education.** The legislative power of the District is vested in its Board of Education (the "Board"). The Board consists of nine members who serve overlapping five-year terms. An election is generally held on the third Tuesday in May to elect one or more members to the Board. As nearly as practicable, an equal number of members is elected to the Board each year. Board members may succeed themselves. During the first ten days of July of each year, the Board conducts a reorganization meeting. At that time, the Board elects a President and Vice President and appoints other District officials.

**Administration.** The Board of Education appoints a superintendent of schools (the "Superintendent") who is employed through a contract with the Board. Such Superintendent is the chief executive officer of the District and the education system. In addition, the Superintendent is an ex officio member of the Board of Education with the right to speak on all matters before the Board but not to vote. It is the responsibility of the Superintendent to enforce all provisions of law and all rules and regulations relating to the management of the District and other educational, social and recreational activities under the direction of the Board of Education. Also, certain of the financial functions of the District are the responsibility of the Assistant Superintendent for Business and the District Treasurer, who are also appointed by the Board of Education.

## ***Financial Organization***

Pursuant to the Local Finance Law, the President of the Board of Education is the Chief Fiscal Officer of the District. However, certain of the financial functions of the District are the responsibility of the Superintendent of Schools, the Assistant Superintendent for Business, the District Clerk, and the District Treasurer.

## ***Financial Statements and Accounting Procedures***

The financial accounts of the District are maintained in accordance with the New York State Uniform System of Accounting for School Districts. Such accounts are audited annually by independent auditors, and are available for public inspection upon request. (See “*FINANCIAL FACTORS*,” herein.)

## ***Budgetary Procedure***

Pursuant to the Education Law, the District's Board of Education generally prepares or causes to be prepared a budget for the ensuing fiscal year. The budget, effective for fiscal years beginning on or after July 1, 1998, must consist of three parts: program, administration and capital. During November and December the tentative budget is developed and refined in consultation with school administrators. At the March and April meetings of the Board of Education, the proposed budget is discussed and further refined. The tentative budget is adopted by the Board at its April meeting and submitted to referendum at the Annual District Meeting and Election held on the third Tuesday of May. Residents of the District who are qualified to vote may participate in the referendum. Prior to the Annual District Meeting and Election a public hearing on the proposed budget is held.

The District's budget is subject to the provisions of Chapter 97 of the New York Laws of 2011, as amended, which imposes a limitation on the amount of real property taxes that a school district may levy, and by law is submitted to voter referendum on the third Tuesday of May each year. See “*Tax Levy Limit Law*” herein for a further discussion regarding the budget vote, revote, contingency budget and the tax cap. The District has never exceeded the tax cap.

On May 19, 2026, a majority of District voters voting at the Annual District Meeting and Election approved the District's budget for the 2026-2027 fiscal year. Summaries of the District's Adopted Budgets for the fiscal years 2025-2026 and 2026-2027 may be found in Appendix B, herein.

## ***Employee Benefits***

New York State Certified employees (teachers and administrators) are members of the New York State Teachers Retirement System ("TRS"). Employer pension payments to the TRS are generally deducted from State aid payments. All non-NYS certified/civil service employees of the District eligible for pension or retirement benefits under the Retirement and Social Security Law of the State of New York are members of the New York State and Local Employee's Retirement System ("ERS"). Both the TRS and ERS are non-contributory with respect to members hired prior to July 1, 1976. All members of the respective systems hired on or after July 1, 1976 contribute a portion of their gross annual salary toward the cost of retirement programs. In the case of Tier 5 and Tier 6 employees, there is no provision for these employee contributions to cease after a certain period of service.

Pursuant to current law, employee contribution rates are progressive and require employee contributions of between 3% and 6% and such employee contributions continue so long as the employee continues to accumulate pension credits. The retirement age was also increased to 63 and includes provisions allowing early retirement with penalties. The pension multiplier is 1.75% for the first 20 years of service and 2% thereafter; vesting occurs after 5 years; the time period for calculation of an employee's final average salary is three years; and the amount of overtime to be used to determine an employee's pension is capped at \$15,000, indexed for inflation, for civilian and non-uniform employees and at 15% of base pay for uniformed employees outside of New York City. It also includes a voluntary, portable, defined contribution plan option for new non-union employees with salaries of \$75,000 or more.

Legislation has been introduced, and policy discussions continue, regarding potential further modifications to Tier 5 and Tier 6, including, but not limited to, changes to retirement age and service requirements, employee contribution rates, and benefit calculations. Certain proposals have also called for aligning Tier 5 and Tier 6 benefits more closely with those available under earlier tiers. While no assurance can be given that any such proposals will be adopted, the enactment of legislation increasing pension benefits or otherwise modifying the NYSLRS could result in increased costs to the State and participating employers, including school districts, which could have an adverse effect on their financial condition.

Under current law, the employer pension payments for a given fiscal year are based on the value of the pension fund on the prior April 1 thus enabling the District to more accurately include the cost of the employer pension payment in its budget for the ensuing year. In addition, the District is required to make a minimum contribution of 4.5% of payroll every year, including years in which the investment performance of the fund would make a lower payment possible. The annual employer pension payment is due on February 1 of each year.

Legislation has been enacted from time to time that authorizes school districts to amortize or defer a portion of its annual employer pension payments. The District has not amortized any of its employer pension payments pursuant to such legislation and expects to continue to pay all payments in full when due.

The State’s 2019-2020 Enacted Budget, which was signed into law as Chapter 59 of the Laws of 2019, includes a provision that will allow school districts in the State to establish a reserve fund for the purpose of funding the cost of TRS contributions, as a sub-fund of retirement contribution reserve funds presently authorized for amounts payable to the ERS by a school district. School districts will be permitted to pay into such reserve fund during any particular fiscal year, an amount not to exceed two percent of the total compensation or salaries of all district-employed teachers who are members of the TRS paid during the immediately preceding fiscal year; provided that the balance of such fund may not exceed ten percent of the total compensation or salaries of all district-employed teachers who are members of the TRS paid during the immediately preceding fiscal year. The District established such a reserve fund as of June 30, 2019.

***Retirement Billing Procedures***

**TRS.** TRS contributions are paid as a reduction in State aid payments due September 15, October 15 and November 15 of the succeeding fiscal year. Any deficiency or excess in TRS contributions are settled on a current basis in the month of January.

**ERS.** The District’s contributions to ERS are due on or before February 1. Such contributions are based on salary estimates for the State fiscal year ending on March 31 of the next calendar year.

The amounts contributed to ERS and TRS for the past five completed fiscal years and amounts budgeted for the current and upcoming fiscal years are as follows:

Fiscal Year Ended June 30	TRS <sup>(1)</sup>	ERS <sup>(2)</sup>
2021	\$11,842,945	\$4,468,938
2022	12,821,581	3,755,017
2023	15,901,519	4,092,117
2024	11,961,712	4,309,295
2025	16,794,391	4,078,497
2026 (Budgeted)	13,752,369	5,740,587
2027 (Budgeted)	12,672,331	6,244,571

(1) Includes contribution in the General Fund and Special Aid Fund.

(2) Includes contribution in the General Fund, Special Aid Fund, School Lunch Fund, and Public Library Fund.

## ***Other Post Employment Benefits***

The District implemented GASB Statement No. 75 (“GASB 75”) of the Governmental Accounting Standards Board (“GASB”), which replaces GASB Statement No. 45 as of fiscal year ended June 30, 2018. GASB 75 requires state and local governments to account for and report their costs associated with post-retirement healthcare benefits and other non-pension benefits, known as other post-employment benefits (“OPEB”). GASB 75 generally requires that employers account for and report the annual cost of OPEB and the outstanding obligations and commitments related to OPEB similarly to GASB Statement No. 68 reporting requirements for pensions.

GASB 75 requires state and local governments to measure a defined benefit OPEB plan as the portion of the present value of projected benefit payments to be provided to current active and inactive employees, attributable to past periods of service in order to calculate the total OPEB liability. Total OPEB liability generally is required to be determined through an actuarial valuation using a measurement date that is no earlier than the end of the employer’s prior fiscal year and no later than the end of the employer’s current fiscal year.

GASB 75 requires that most changes in the OPEB liability be included in OPEB expense in the period of the changes. Based on the results of an actuarial valuation, certain changes in the OPEB liability are required to be included in OPEB expense over current and future years.

The District’s total OPEB liability as of June 30, 2025 was \$365,370,226 using a discount rate of 5.20% and actuarial assumptions and other inputs as described in the District’s June 30, 2025 audited financial statements.

Should the District be required to fund the total OPEB liability, it could have a material adverse impact upon the District’s finances and could force the District to reduce services, raise taxes or both. At the present time, however, there is no current or planned requirement for the District to partially fund its OPEB liability.

At this time, New York State has not developed guidelines for the creation and use of irrevocable trusts for the funding of OPEB. As a result, the District will continue funding this expenditure on a pay-as-you-go basis.

Legislation has been introduced in recent years to create an optional investment pool to help the State and local governments fund retiree health insurance and OPEB. The proposed legislation would authorize the creation of irrevocable OPEB trusts so that the State and its local governments can help fund their OPEB liabilities, establish an OPEB investment fund in the sole custody of the State Comptroller for the investment of OPEB assets of the State and participating eligible local governments, designate the president of the Civil Service Commission as the trustee of the State’s OPEB trust and the governing boards as trustee for local governments and allow school districts to transfer certain excess reserve balances to an OPEB trust once it is established. Under the proposed legislation, there would be no limits on how much a local government can deposit into the trust. The District cannot predict whether such legislation will be enacted into law in the foreseeable future.

## ***Investment Policy***

Pursuant to Section 39 of the State’s General Municipal Law, the District has an investment policy applicable to the investment of all moneys and financial resources of the District. The responsibility for the investment program has been delegated by the Board of Education to the Deputy Superintendent for who was required to establish written operating procedures consistent with the District’s investment policy guidelines. According to the investment policy of the District, all investments must conform to the applicable requirements of law and provide for: the safety of the principal; sufficient liquidity; and a reasonable rate of return.

**Authorized Investments.** The District has designated eight banks or trust companies which are located and authorized to conduct business in the State to receive deposits of money. The District is permitted to invest in special time deposits or certificates of deposit.

In addition to bank deposits, the District is permitted to invest moneys in direct obligations of the United States of America, obligations guaranteed by agencies of the United States where the payment of principal and interest are further guaranteed by the United States of America and obligations of the State. Other eligible investments for the District include: revenue and tax anticipation notes issued by any municipality, school district or district corporation other than the District (investment subject to approval of the State Comptroller); obligations of certain public authorities or agencies; obligations issued pursuant to Section 109(b) of the General Municipal Law (certificates of

participation) and certain obligations of the District but only with respect to moneys of a reserve fund established pursuant to Section 6 of the General Municipal Law. The District may also utilize repurchase agreements to the extent such agreements are based upon direct or guaranteed obligations of the United States of America. Repurchase agreements are subject to the following restrictions, among others: all repurchase agreements are subject to a master repurchase agreement; trading partners are limited to banks or trust companies authorized to conduct business in the State or primary reporting dealers as designated by the Federal Reserve Bank of New York; securities may not be substituted; and the custodian for the repurchase security must be a party other than the trading partner. All purchased obligations, unless registered or inscribed in the name of the District, must be purchased through, delivered to and held in the custody of a bank or trust company located and authorized to conduct business in the State.

**Collateral Requirements.** All District deposits in excess of the applicable insurance coverage provide by the Federal Deposit Insurance Act must be secured in accordance with the provisions of and subject to the limitations of Section 10 of the General Municipal Law of the State. Such collateral must consist of the “eligible securities,” “eligible surety bonds” or “eligible letter of credit” as described in the law.

Eligible securities pledged to secure deposits must be held by the depository or third-party bank or trust company pursuant to written security and custodial agreements. The District’s security agreements provide that the aggregate market value of pledged securities must equal or exceed the principal amount of deposit, the agreed upon interest, if any, and any costs or expenses arising from the collection such deposits in the event of a default. Securities not registered or inscribed in the name of the District must be delivered, in a form suitable for transfer or with an assignment in blank, to the District or its designated custodial bank. The custodial agreements used by the District provide that pledged securities must be kept separate and apart from the general assets of the custodian and will not, under any circumstances, be commingled with or become part of the backing for any other deposit or liability. The custodial agreement must also provide that the custodian shall confirm the receipt, substitution or release of the collateral, the frequency of revaluation of eligible securities and the substitution of collateral when a change in the rating of a security may cause ineligibility.

An eligible irrevocable letter of credit may be issued, in favor of the District, by a qualified bank other than the depository bank. Such letters may have a term not to exceed 90 days and must have an aggregate value equal to 140% of the deposit obligations and the agreed upon interest. Qualified banks include those with commercial paper or other unsecured or short-term debt ratings within one of the three highest categories assigned by at least one nationally recognized statistical rating organization or a bank that is in compliance with applicable Federal minimum risk-based capital requirements.

An eligible surety bond must be underwritten by an insurance company authorized to do business in the State which has claims paying ability rated in the highest rating category for claims paying ability by at least two nationally recognized statistical rating organizations. The surety bond must be payable to the District in an amount equal to 100% of the aggregate deposits and the agreed interest thereon.

## **FINANCIAL FACTORS**

District finances are operated primarily through its General Fund. All taxes and most other revenues are paid into this fund and all current operating expenditures are made from it. A summary statement of revenues and expenditures for the five-year period ended June 30, 2025 can be found in Appendix B of this Official Statement. Information included in the summary has been derived from the Districts audited financial statements, but the summary itself has not been audited. As reflected in the aforementioned summaries, the District derives the bulk of its annual revenues from a tax on real property. Capital improvements are generally financed by the issuance of bonds, bond anticipation notes and the use of funds reserved for capital improvements.

### ***Real Property Taxes***

The District derives a major portion of its revenues from a tax on real property. Chapter 97 of the New York Laws of 2011, as amended, imposes a tax levy limitation upon the municipalities, school districts and fire districts in the State, including the District. (See “*The Tax Levy Limit Law*” herein).

As set forth in the following tables, excluding other financing sources, property taxes accounted for approximately 65% of General Fund revenue for the fiscal year ended June 30, 2025, while State aid accounted for approximately 26%.

The following table sets forth General Fund revenue, excluding other financing sources, and real property tax revenue during the last five completed fiscal years and the amounts budgeted for the current and upcoming fiscal years.

<u>Fiscal Years Ended June 30:</u>	<u>Total General Fund Revenue <sup>(1)</sup></u>	<u>Real Property Tax Revenue</u>	<u>Real Property to General Fund Revenue %</u>
2021	\$278,289,911	\$198,916,051	71.5%
2022	286,665,103	204,255,446	71.3
2023	300,586,450	210,718,122	70.1
2024	318,867,792	209,873,719	65.8
2025	347,960,873	226,094,395	65.0
2026 (Adopted Budget)	359,468,597	240,741,929	66.9
2027 (Adopted Budget)	370,369,165	245,187,342	66.2

(1) Excludes other financing sources.

### ***State Aid***

The District receives appropriations from the State of State aid for operating, building and other purposes at various times throughout its fiscal year, pursuant to formulas and payment schedules set forth by statute. While the State has a constitutional duty to maintain and support a system of free common schools that provides a “sound basic education” to children of the State, there can be no assurance that the State appropriation for State aid to school districts will be continued in future years, either pursuant to existing formulas or in any form whatsoever. State aid appropriated and apportioned to the school districts can be paid only if the State has such monies available for such payment.

The following table sets forth General Fund revenue, excluding other financing sources, and State aid revenue during the last five completed fiscal years and the amounts budgeted for the current and upcoming fiscal year.

In addition to the amount of State Aid budgeted annually by the District, the State makes payments of STAR aid representing tax savings provided by school districts to their taxpayers under the STAR Program (See “STAR – School Tax Exemption” herein).

The State’s 2021-22 Enacted Budget and the State’s 2022-23 Enacted Budget included significant amounts of federal funding. The State receives a substantial amount of federal aid for health care, education, transportation and other governmental purposes, as well as federal funding to respond to, and recover from, severe weather events and other disasters. Many of the policies that drive federal aid may be subject to change under the federal administration and Congress. Current federal aid projections, and the assumptions on which they rely, are subject to revision. Reductions in federal funding levels could have an a materially adverse impact on the State budget. To date, school districts have received significant funding because of the COVID-19 pandemic from federal stimulus packages and reinstatement of State Foundation Aid, however, the additional federal funding is anticipated to cease after the 2023-24 fiscal year. In addition, the State is reviewing the Foundation Aid formula for potential revisions. Any revisions to the formula may result in a reduction of State aid to the District.

As part of the 2025–26 Enacted State Budget, the Governor and Legislature made targeted adjustments to the Foundation Aid formula. While the formula itself remains largely intact, the budget includes a hold harmless provision ensuring that no district receives less Foundation Aid than in the prior year. Additionally, all districts are guaranteed at least a 2% year-over-year increase in Foundation Aid. The enacted budget also includes formula modifications intended to provide enhanced support for high-need and disadvantaged school districts.

The amount of State aid to school districts can vary from year to year and is dependent in part upon the financial condition of the State. During the 2011 to 2019 fiscal years of the State, State aid to school districts was paid in a timely manner; however, during the State’s 2010 and 2020 fiscal years, State budgetary restrictions resulted in delayed payments of State aid to school districts in the State. In addition, the availability of State aid and the timeliness of payment of State aid to school districts could be affected by a delay in the adoption of the State budget, which is due at the start of the State’s fiscal year of April 1. For the past four years, including the State’s current fiscal year, which began on April 1, 2026, the State’s budget has been adopted after the April 1 deadline. The budget for the State’s 2026-2027 fiscal year has not been adopted as of the date hereof. A series of interim budget bills have been adopted by the Legislation to fund essential State expenses as budget negotiations continue. The State’s fiscal year 2025-26 Enacted Budget was adopted on May 9, 2025 or thirty-eight (38) days after the April 1 deadline. The State’s fiscal year 2024-25 Enacted Budget was adopted on April 22, 2024 or twenty-one (21) days after the April 1 deadline and the State’s fiscal year 2023-24 Enacted Budget was adopted on May 2, 2023 or thirty-one (31) days after the April 1 deadline. No assurance can be given that the State will not experience delays in the adoption of the budget in future fiscal years. Significant delays in the adoption of the State budget could result in delayed payment of State aid to school districts in the State which could adversely affect the financial condition of school districts in the State.

In addition to the potential fiscal impact of policies that may be proposed and adopted by the federal administration and Congress, the State budget may be adversely affected by other actions taken by the federal government, including audits, disallowances, and changes to federal participation rates or other Medicaid rules.

There can be no assurance that the State’s financial position will not change materially and adversely from current projections. If this were to occur, the State would be required to take additional gap-closing actions. Such actions may include, but are not limited to: reductions in State agency operations; delays or reductions in payments to local governments or other recipients of State aid including school districts in the State. Reductions in the payment of State aid could adversely affect the financial condition of school districts in the State, including the District.

Should the District fail to receive State aid expected from the State in the amounts and at the times expected, occasioned by a delay in the payment of such monies or by a mid-year reduction in State aid, the District is authorized by the Local Finance Law to provide operating funds by borrowing in anticipation of the receipt of uncollected State aid.

### ***Events Affecting New York School Districts***

*School district fiscal year (2021-2022):* For the 2021-2022 school year, the State’s Enacted budget provided \$29.5 billion in State funding to school districts for the 2021-2022 school year through School Aid, the highest level of State aid ever, supporting the operational costs of school districts that educate 2.5 million students statewide. This investment represented an increase of 11.3% (\$3.0 billion) compared to the 2020-2021 school year, including a \$1.4

billion (7.6%) Foundation Aid increase. The Enacted budget allocated \$13 billion of federal Elementary and Secondary School Emergency Relief and Governor’s Emergency Education Relief funds to public schools. This funding, available for use over multiple years, helped schools safely reopen for in-person instruction, address learning loss, and respond to students’ academic, social, and emotional needs due to the disruptions of the COVID19 pandemic. The Budget allocated \$629 million of these funds to school districts as targeted grants to support efforts to address learning loss through activities such as summer enrichment and comprehensive after-school programs. In addition, the Budget used \$105 million of federal funds to expand access to full-day prekindergarten programs for four-year-old children in school districts statewide in the 2021-2022 school year.

*School district fiscal year (2022-2023):* For the 2022-2023 school year, the State’s Enacted provided \$31.3 billion in State funding to school districts for the 2022-23 school year the highest level of State aid ever. This represented a year-to-year funding increase of \$2.1 billion or 7.07%. and included \$21.4 billion of Foundation Aid which increased 8.1% from 2021-22. The 2022-23 school year increase in Foundation Aid primarily reflected the second year of the three-year phase-in of full funding of the current Foundation Aid formula. The Enacted Budget also increased the State’s annual investment in prekindergarten to \$1.1 billion, an increase of \$125 million, or 13%. The Budget also included a total of \$100 million of matching funds over two years to be provided to school districts and BOCES with the highest needs to address student wellbeing and learning loss in response to the trauma brought about by the COVID-19 pandemic. This included support for extended school day or school year programs, afterschool programs, mental health professionals and other locally determined initiatives.

*School district fiscal year (2023-2024):* For the 2023-2024 school year, the Enacted Budget provided \$34.5 billion in State funding to school districts for the 2023-24 school year the highest level of State aid ever. This represented a year-to-year funding increase of \$3.1 billion or 10.00%. and includes \$24.1 billion of Foundation Aid which increased 12.8% from 2022-23. The 2022-23 school year increased in Foundation Aid is to complete the three-year phase-in of full funding of the current Foundation Aid formula. The Enacted Budget also increased the State’s annual investment in pre-kindergarten to \$1.2 billion, an increase of \$125 million, or 9.09%. The Budget also included a total of \$20 million in grant funding to support the establishment of new early college high school programs.

*School district fiscal year (2024-2025):* For the 2024-2025 school year, the Enacted Budget provided \$35.9 billion in State funding to school districts for the 2024-25 school year, the highest level of State aid to date. This represented an increase of \$1.3 billion compared to the 2023-24 school year and included a \$934 million or 3.89 percent Foundation Aid increase. The State’s 2024-25 Enacted Budget maintained the “save harmless” provision, which ensured a school district received at least the same amount of Foundation Aid as it received in the prior year. The State’s 2024-25 Enacted Budget also authorized a comprehensive study by the Rockefeller Institute and the State Department of Education to develop a modernized school funding formula.

*School district fiscal year (2025-2026):* For the 2025-2026 school year, the Enacted Budget provides \$37.6 billion in State funding to school districts, the highest level of State aid ever. This represented an increase of \$1.7 billion or 4.9 percent compared to the 2024-25 school year and includes a \$1.4 billion, or 5.9 percent, Foundation Aid increase. Although recommended to be phased-out in the previously mentioned report done by the Rockefeller Institute, the State’s 2025-26 Enacted Budget maintains the “save harmless” provision, which ensures a school district receives at least the same amount of Foundation Aid as it received in the prior year. The State’s 2025-26 Enacted Budget includes a 2% minimum increase in Foundation Aid to all school districts and makes a number of alterations to the Foundation Aid formula designed to reflect low-income student populations and provide additional aid to low-wealth school districts.

Provisions in the State’s 2025-26 Enacted Budget grant the State Budget Director the authority to withhold all or some of the amounts appropriated therein, including amounts that are to be paid on specific dates prescribed in law or regulation (such as State aid) if, on a cash basis of accounting, a “general fund imbalance” has or is expected to occur in fiscal year 2025-26. Specifically, the State’s 2025-26 Enacted Budget provides that a “general fund imbalance” has occurred, and the State Budget Director’s powers are activated, if any State fiscal year 2025-26 quarterly financial plan update required by Subdivision 4 of Section 23 of the New York State Finance Law reflects, or if at any point during the final quarter of State fiscal year 2025-26 the State Budget Director projects, that estimated general fund receipts and/or estimated general fund disbursements have or will vary from the estimates included in the State’s 2025-26 Enacted Budget financial plan required by sections 22 and 23 of the New York State Finance Law results in a cumulative budget imbalance of \$2 billion or more. Any significant reductions or delays in the payment of State aid could adversely affect the financial condition of school districts in the State.

The State's 2026-27 Executive Budget includes \$39.3 billion in State funding to school districts for the 2026-27 school year, an estimated year-to-year funding increase of \$1.6 billion. The State's 2026-27 Executive Budget includes \$27 billion in Foundation Aid, an increase of \$779 million from 2025-26, and includes a 1% minimum increase in Foundation Aid to all school districts. The State's 2026-27 Executive Budget also includes an increase of \$561 million in Universal Pre-Kindergarten Aid to ensure universal full-day Pre-K for all four-years-olds in the State by the start of the State's 2029 fiscal year. As of the date of this Preliminary Official Statement, the State's current fiscal year 2026-27 budget has not been adopted and the proposed 2026-27 budget remains under negotiation. The State's 2025-26 fiscal year ended on March 31, 2026 and since April 1, 2026 the State's operations have been funded via short-term "extender" legislation.

The District cannot predict at this time whether there will be any reductions in and/or delays in the receipt of State aid during the remainder of the current fiscal year or in future fiscal years. However, the District believes that it would mitigate the impact of any delays or the reduction in State aid by reducing expenditures, increasing revenues, appropriating other available funds on hand, and/or by any combination of the foregoing. (See also "*Risk Factors*" herein).

### ***Other Revenues***

In addition to property taxes and State Aid, the District receives other revenues from miscellaneous sources as shown in Appendix B.

### ***Independent Audits***

The District retained the firm of EFPR Group, CPAs, PLLC, to audit its financial statements for the fiscal year ended June 30, 2025. Appendix B, attached hereto, presents excerpts from the District's most recent audited reports covering the last five fiscal years. Appendix C contains a link to the last fiscal year audit.

In addition, the District is subject to audit by the State Comptroller to review compliance with legal requirements and the rules and regulations established by the State. (See "*The State Comptroller's Fiscal Stress Monitoring System and Compliance Reviews*" herein.)

### ***The State Comptroller's Fiscal Stress Monitoring System and Compliance Reviews***

The New York State Comptroller has reported that New York State's school districts and municipalities are facing significant fiscal challenges. As a result, the Office of the State Comptroller has developed a Fiscal Stress Monitoring System ("FSMS") to provide independent, objectively measured and quantifiable information to school district and municipal officials, taxpayers and policy makers regarding the various levels of fiscal stress under which the State's school districts and municipalities are operating.

The fiscal stress scores are based on financial information submitted as part of each school district's ST-3 report filed with the State Education Department annually, and each municipality's annual report filed with the State Comptroller. Using financial indicators that include year-end fund balance, cash position and patterns of operating deficits, the system creates an overall fiscal stress score which classifies whether a school district or municipality is in "significant fiscal stress", in "moderate fiscal stress," as "susceptible to fiscal stress" or "no designation". Entities that do not accumulate the number of points that would place them in a stress category will receive a financial score but will be classified in a category of "no designation." This classification should not be interpreted to imply that the entity is completely free of fiscal stress conditions. Rather, the entity's financial information, when objectively scored according to the A-9 FSMS criteria, did not generate sufficient points to place them in one of the three established stress categories.

The most current applicable report, for 2025, of the State Comptroller designates the District as "No Designation," with a fiscal stress score of 0.0 and an environmental score of 33.3.

In addition, OSC helps local government officials manage government resources efficiently and effectively. The Comptroller oversees the fiscal affairs of local governments statewide, as well as compliance with relevant statutes and observance of good business practices. This fiscal oversight is accomplished, in part, through its audits, which

identify opportunities for improving operations and governance. The most recent audit was released on September 21, 2018. The purpose of the audit was to determine whether the District was paying health insurance premiums for deceased retirees or their dependents. The complete report, along with the District’s response, may be found on the OSC’s official website. Reference to this website implies no warranty of accuracy of information therein.

### ***Tax Limit***

The Constitution does not limit the amount that may be raised by the District-wide tax levy on real estate in any fiscal year. However, Chapter 97 of the New York Laws of 2011, as amended, imposes a statutory limit on the amount of real property taxes that a school district may levy. (See “*The Tax Levy Limit Law*” herein.)

### ***The Tax Levy Limit Law***

Chapter 97 of the Laws of 2011, as amended, (herein referred to as the “Tax Levy Limit Law” or “Law”) modified previous law by imposing a limit on the amount of real property taxes that a school district may levy.

Prior to the enactment of the Law, there was no statutory limitation on the amount of real property taxes that a school district could levy if its budget had been approved by a simple majority of its voters. In the event the budget had been defeated by the voters, the school district was required to adopt a contingency budget. Under a contingency budget, school budget increases were limited to the lesser of four percent (4%) of the prior year’s budget or one hundred twenty percent (120%) of the consumer price index ("CPI").

The Tax Levy Limit Law imposes a limitation on the amount of tax levy growth from one fiscal year to the next. Such limitation is the lesser of (i) 2% or (ii) the annual percentage increase in the consumer price index, as described in the Law. A budget with a tax levy that does not exceed such limit will require approval by at least 50% of the voters. Approval by at least 60% of the voters will be required for a budget with a tax levy increase in excess of the limit. In the event the voters reject the budget, or a subsequent resubmitted budget, the tax levy for the school district’s budget for the ensuing fiscal year may not exceed the amount of the tax levy for the prior fiscal year.

The Law permits certain significant exclusions to the tax levy limit for school districts. These include taxes to pay the local share of debt service on bonds or notes issued to finance voter approved capital expenditures and the refinancing or refunding of such bonds (such as the Bonds) or notes (such as the Notes), certain pension cost increases, and other items enumerated in the Law. However, such exclusion does NOT apply to taxes to pay debt service on tax anticipation notes, revenue anticipation notes, budget notes and deficiency notes; and any obligations issued to finance deficits and certain judgments, including tax certiorari refund payments. (See “*Nature of Obligation*” herein).

***Tax Collection Procedures***

The real property taxes of the District are collected by the City. School taxes are due and payable in two equal installments due on October 1 and April 1, and may be paid without penalty to the end of those respective months. District taxes, including any delinquent payments, are remitted to the District by the City as they are collected. Interest accrues on delinquent taxes at a rate of 2% per month; such interest is paid to the District by the City. A 5% penalty, which is retained by the City, is added to all current school taxes unpaid as of July 20th. The City must remit to the District any school taxes which remain unpaid two years after the date on which the District certifies the unpaid taxes to the City.

The District is responsible for the taxes levied for the New Rochelle Public Library (the “Library”) and pays the full amount of such taxes to the Library on or before June 30th each year. The Library receives 50% of its taxes in November and 50% in May.

The following table sets forth the amount of the annual real property tax levy and the current tax collection record of the District for the five most recently completed fiscal years and the most recently available figures for the current fiscal year.

Fiscal Years Ended June 30:	Tax Levy <sup>(1)</sup>	Current Taxes Collected	Percentage Collected

***STAR - School Tax Exemption***

The STAR (School Tax Relief) program provides State-funded exemptions from school property taxes to homeowners for their primary residences. Homeowners over 65 years of age with household adjusted gross incomes, less the taxable amount of total distributions from individual retirement accounts and individual retirement annuities (“STAR Adjusted Gross Income”) of \$86,000 or less, increased annually according to a cost of living adjustment, are eligible

for a “full value” exemption of the first \$65,300 for the 2016-17 school year (adjusted annually). Other homeowners with household STAR Adjusted Gross income not in excess of \$500,000 are eligible for a \$30,000 “full value” exemption on their primary residence. School districts receive full reimbursement from the State for real property taxes exempted pursuant to the STAR program by the first business day in January of each year.

Part A of Chapter 60 of the Laws of 2016 of the State of New York (“Chapter 60”) gradually converts the STAR program from a real property tax exemption to a personal income tax credit. Chapter 60 prohibits new STAR exemptions from being granted unless at least one of the applicants held title to the property on the taxable status date of the assessment roll that was used to levy school district taxes for the 2015-2016 school year (generally, March 1, 2015), and the property was granted a STAR exemption on that assessment roll. However, a new homeowner may receive a new personal income tax credit in the form of a check. The dollar benefit to eligible taxpayers will not change. A taxpayer who is eligible for the new credit will receive a check from the State equal to the amount by which the STAR exemption would have reduced his or her school tax bill. A homeowner who owned his or her home on the taxable status date for the assessment roll used to levy taxes for the 2015-2016 school year, and who received a STAR exemption on that roll, may continue to receive a STAR exemption on that home as long as he or she still owns and primarily resides in it. No further action is required (unless the homeowner has been receiving Basic STAR and wants to apply for Enhanced STAR, which is permissible).

The State 2017-18 Enacted Budget includes changes to Chapter 60. STAR checks are now expected to be mailed out prior to the date that school taxes are payable. The amount of the check will be based on the previous year’s amount adjusted by the levy growth factor used for the property tax cap. Any changes that must be made based on the final STAR credit compared to the estimate used will be factored into the subsequent year’s STAR credit check or taxpayers also may account for those changes in their State income taxes.

The State’s 2019-2020 Enacted Budget included changes to the STAR program. For those homeowners with incomes over \$250,000, the STAR exemption benefit was capped at the 2019 fiscal year level, rather than allowed to grow by up to 2% annually under the STAR credit program. Those homeowners with incomes between \$250,000 and \$500,000 are able to convert to the credit program to maintain the full STAR benefit.

The State’s 2020-21 Enacted Budget withholds STAR benefits to taxpayers who are delinquent in the payment of their school taxes and maintains the income limit for the exemption to \$250,000, compared with a \$500,000 limit for the credit.

Approximately 4% of the District’s 2024-2025 school tax levy was exempted by the STAR program and the District has received full reimbursement of such exempt taxes from the State. Approximately 4% of the District’s 2025-2026 school tax levy was exempted by the STAR program and the District received the full reimbursement of such exempt taxes from the State. ## DISTRICT INDEBTEDNESS

### *Constitutional Requirements*

The New York State Constitution limits the power of the District (and other municipalities and certain school districts of the State) to issue obligations and to otherwise contract indebtedness. Such constitutional limitations include the following, in summary form, and are generally applicable to the District and its obligations.

**Purpose and Pledge.** Subject to certain enumerated exceptions, the District shall not give or loan any money or property to or in aid of any individual or private corporation or give or loan its credit to or in aid of any of the foregoing or any public corporation.

The District may contract indebtedness only for a District purpose and shall pledge its faith and credit for the payment of principal of and interest thereon.

**Payment and Maturity.** Except for certain short-term indebtedness contracted in anticipation of taxes or to be paid in one of the two fiscal years immediately succeeding the fiscal year in which such indebtedness was contracted, indebtedness shall be paid in annual installments commencing no later than two years after the date such indebtedness shall have been contracted and ending no later than the expiration of the period of probable usefulness of the object or purpose as determined by statute or, in the alternative, the weighted average period of probable usefulness of the several objects or purposes for which such indebtedness is to be contracted. No installment may be more than fifty per centum in excess of the smallest prior installment, unless the District determines to issue a particular debt obligation amortizing on the basis of substantially level or declining annual debt service. The District is required to provide an annual appropriation for the payment of interest due during the year on its indebtedness and for the amounts required in such year for amortization and redemption of its serial bonds and such required annual installments on its notes.

**Debt Limit.** The District has the power to contract indebtedness for any District purpose so long as the principal amount thereof shall not exceed five per centum of the average full valuation of taxable real estate of the District,

subject to certain enumerated exclusions and deductions such as water and certain sewer facilities and cash or appropriations for current debt service. The constitutional method for determining full valuation is by taking the assessed valuation of taxable real estate for the last completed assessment roll and applying thereto the rate which such assessed valuation bears to the full valuation as determined by the State Office of Real Property Tax Services (the "ORPTS"). The State Legislature is required to prescribe the manner by which such rate shall be determined. Average full valuation is determined by taking the sum of the full valuations of such last completed assessment roll and the four preceding assessment rolls and dividing such sum by five.

### ***Statutory Procedure***

In general, the State Legislature has, by enactment of the Local Finance Law, authorized the power and procedure for the District to borrow and incur indebtedness subject, of course, to the constitutional and provisions set forth above. The power to spend money, however, generally derives from other law, including the Education Law.

The District is generally required by such laws to submit propositions for the expenditure of money for capital purposes to the qualified electors of the District. Upon approval thereby, the Board of Education may adopt a bond resolution authorizing the issuance of bonds and notes in anticipation of the bonds. With respect to certain school building construction projects, the District is not permitted to spend in excess of \$100,000 for construction costs until the plans and specification for such project have been approved by the Commissioner of Education of the State.

The Local Finance Law also provides a twenty-day statute of limitations after publication of a bond resolution, together with a statutory form of notice which, in effect, stops legal challenges to the validity of obligations authorized by such bond resolution except for alleged constitutional violations. It is a procedure that is recommended by Bond Counsel, but it is not an absolute legal requirement. Except on rare occasion the District complied with this estoppel procedure.

The Board of Education, as the finance board of the District, has the power to enact tax anticipation note resolutions. Such resolutions may authorize the issuance of tax anticipation notes in an aggregate principal amount necessary to fund anticipated cash flow deficits but in no event exceeding the amount of real property taxes levied or to be levied by the District, less any tax anticipation notes previously issued and less the amount of such taxes, previously received by the District.

The Board of Education, as the finance board of the District, also has the power to authorize the sale and issuance of bonds and notes, including the Bonds. However, such finance board may delegate the power to sell the Bonds to the President of the Board of Education, the chief fiscal officer of the District, pursuant to the Local Finance Law.

**Debt Limit.** Pursuant to the Local Finance Law, the District has the power to contract indebtedness for any District purpose authorized by the Legislature of the State of New York provided the aggregate amount thereof shall not exceed ten per centum of the full valuation of taxable real estate of the District and subject to certain enumerated exclusions and deductions such as State aid for building purposes. The constitutional and statutory method for determining full valuation consists of taking the assessed valuation of taxable real estate for the last completed assessment roll and applying thereto the ratio (equalization rate) which such assessed valuation bears to the full valuation; such ration is determined by the State Board of Real Property Services. The State Legislature is required to prescribe the manner by which such ratio shall be determined by such authority.

**Revenue and Tax Anticipation Notes**

The District has not issued revenue anticipation notes in any of the past five fiscal years and currently has no plans of issuing any in the foreseeable future.

In common with other school districts in the State, the District periodically borrows in anticipation of the receipt of its real property tax levy. Historically, the District has paid all notes on their due date and such notes have been paid by the end of the fiscal year.

The District issued a \$35,000,000 Tax Anticipation Note on September 13, 2024 which matured on May 30, 2025.

**Bond Anticipation Notes**

The District currently has three series of notes outstanding, \$17,115,000 Bond Anticipation Notes – 2026 Series A (the 2026 Series A Notes), \$5,225,000 Bond Anticipation Notes – 2026 Series B (Federally Taxable) (the 2026 Series B Notes) and \$26,066,000 Bond Anticipation Notes 2025 Series C (the 2026 Series C Notes). The 2026 Series A and 2026 Series B Notes mature on June 15, 2026. The proceeds of the Series A Bonds will be used to redeem the outstanding 2026 Series A Notes and a portion of the the proceeds of the Series B Bonds, together with \$40,000 in available funds, will be used to redeem the outstanding 2025 Series C Notes, at maturity. The 2025 Series C Notes mature on June 15, 2026. A portion of the Note proceeds, together with \$2,880,000 in available funds, will be used to redeem the outstanding 2026 Series B Notes. (see “*Authority for and Purpose of the Series A Bonds*”, “*Authority for and Purpose of the Series B Bonds*” and “*Authority for and Purpose of the Notes,*” respectively).

## Overlapping Debt and Underlying Debt

In addition to the District, other political subdivisions have the power to issue bonds and to levy taxes or cause taxes to be levied on taxable real property in the District. The real property taxpayers of the District are responsible for a proportionate share of outstanding debt obligations of the City and County, including certain special County districts. Such taxpayers' share of overlapping debt is based on the amount of the District's equalized property values taken as a percentage of each separate unit's total values. The following table presents the amount of overlapping debt and the District's share of this debt as of the dates provided. Authorized but unissued debt has not been included.

The District also has \$1,200,000 authorized but unissued debt to finance the costs of improvements and reconstruction needed as a result of Hurricane Ida from September 2021. A \$1.2 million portion of the costs of the Hurricane Ida project are being paid from insurance recoveries.

The Board of Education of  
the City School District of the City of New Rochelle, in the  
County of Westchester, New York

Ladies and Gentlemen:

We have acted as Bond Counsel to the City School District of the City of New Rochelle (the “School District”), in the County of Westchester, New York, a school district of the State of New York, in connection with the authorization, sale, and issuance of the \$17,115,000 School District Serial Bonds-2026 Series A (the “Bonds”), dated and delivered on the date hereof.

We have examined a record of proceedings relating to the Bonds for purposes of this opinion. In such examination, we have assumed the genuineness of all signatures, the authenticity of all documents submitted to us as originals and the conformity with originals of all documents submitted to us as copies thereof.

Concurrently with the issuance of the Bonds, the District is issuing its \$27,960,000 School District Serial Bonds – 2026 Series B (the “Series B Bonds”). The Bonds are treated, together with the Series B Bonds, as a single issue for federal tax purposes. We have served as Bond Counsel with respect to the issuance of the Series B Bonds and, on the date hereof, we have rendered our opinion with respect to the exclusion of interest on the Series B Bonds from gross income for federal income tax purposes in substantially the form of paragraph 2 below and subject to the same conditions and limitations set forth herein. Noncompliance with such conditions and limitations may cause interest on both the Bonds and the Series B Bonds to become subject to federal income taxation retroactive to the date of issue, irrespective of the date on which such noncompliance occurs or is ascertained

Based upon and subject to the foregoing, and in reliance thereon, as of the date hereof, we are of the following opinions:

1. The Bonds are valid and legally binding general obligations of the School District for which the School District has validly pledged its faith and credit and, unless paid from other sources, all the taxable real property within the School District is subject to the levy of ad valorem real estate taxes to pay the Bonds and interest thereon without limitation as to rate or amount. The enforceability of rights or remedies with respect to such Bonds may be limited by bankruptcy, insolvency or other laws affecting creditors’ rights or remedies heretofore or hereafter enacted.

2. Under existing statutes and court decisions and assuming continuing compliance with certain tax certifications described herein, (i) interest on the Bonds is excluded from gross income for federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the “Code”), and (ii) interest on the Bonds is not treated as a preference item in calculating the alternative minimum tax under the Code, however, interest on the Bonds is included in the “adjusted financial statement income” of certain corporations that are subject to the alternative minimum tax under Section 55 of the Code.

The Code establishes certain requirements that must be met subsequent to the issuance of the Bonds in order that the interest on the Bonds be and remain excluded from gross income for federal income tax purposes under Section 103 of the Code. These requirements include, but are not limited to, requirements relating to the use and expenditure of proceeds of the Bonds, restrictions on the investment of proceeds of the Bonds prior to expenditure and the requirement that certain earnings be rebated to the federal government. Noncompliance with such requirements may cause the interest on the Bonds to become subject to federal income taxation retroactive to their date of issuance, irrespective of the date on which such noncompliance occurs or is ascertained.

On the date of issuance of the Bonds, the School District will execute a Tax Certificate relating to the Bonds containing provisions and procedures pursuant to which such requirements can be satisfied. In executing the Tax Certificate, the School District represents that it will comply with the provisions and procedures set forth therein and that it will do and perform all acts and things necessary or desirable to assure that the interest on the Bonds will, for federal income tax purposes, be excluded from gross income.

In rendering the opinion in this paragraph 2, we have relied upon and assumed (i) the material accuracy of the School District’s representations, statements of intention and reasonable expectations, and certifications of fact contained in the Tax Certificate with respect to matters affecting the status of the interest on the Bonds, and (ii) compliance by the School District with the procedures and representations set forth in the Tax Certificate as to such tax matters.

3. Under existing statutes, interest on the Bonds is exempt from personal income taxes of New York State and its political subdivisions, including The City of New York.

We express no opinion as to any other federal, state or local tax consequences arising with respect to the Bonds, or the ownership or disposition thereof, except as stated in paragraphs 2 and 3 above. We render our opinion under existing statutes and court decisions as of the date hereof, and assume no obligation to update, revise or supplement our opinion to reflect any action hereafter taken or not taken, any fact or circumstance that may hereafter come to our attention, any change in law or interpretation thereof that may hereafter occur, or for any other reason. We express no opinion as to the consequence of any of the events described in the preceding sentence or the likelihood of their occurrence. In addition, we express no opinion on the effect of any action taken or not taken in reliance upon an opinion of other counsel regarding federal, state or local tax matters, including, without limitation, exclusion from gross income for federal income tax purposes of interest on the Bonds.

We give no assurances as to the adequacy, sufficiency or completeness of the Preliminary Official Statement and/or Official Statement relating to the Bonds or any proceedings, reports, correspondence, financial statements or other documents, containing financial or other information relative to the School District which have been or may hereafter be furnished or disclosed to purchasers of ownership interests in said Bonds.

Very truly yours,
